

# VCHS

V-STEEL CONTAINER HANDLER STABILITY AND SAFETY

## MAIN FEATURES

- Outstanding high reach stability
- Long tread life
- Durable casing

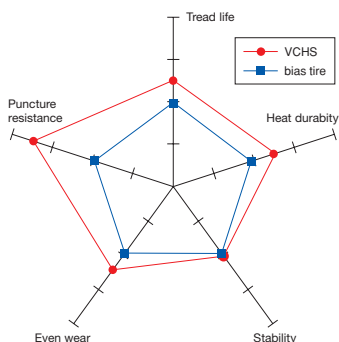

### VCHS

Tyre size	Load index/ speed symbol	Star rating
14.00R24	196A5	*3
18.00R25	214A5	*3
18.00R33	219A5	*3

# BRIDGESTONE OFF-THE-ROAD TYRES

## VCHS V-STEEL CONTAINER HANDLER STABILITY AND SAFETY

In our quest to meet and satisfy the customer demand, Bridgestone has developed the next generation of container handler tyre. The VCHS is aiming stable container handling operation with innovative technology.

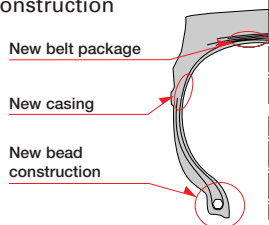

### Outstanding high reach stability

As the pattern name suggests, the VCHS enables safe and stable operations thanks to a newly developed all steel radial casing.

By optimised sidewall stiffness, VCHS provides high stability without compromising the other benefits of radial tyre.

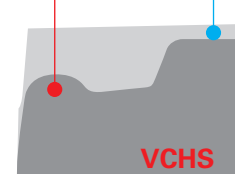

#### Steel radial construction

### Long tread life

The VCHS has a unique pattern design for longer tread life by preventing irregular wearing caused by excessive lug movement.

Shallow centre groove offers flat stiffness distribution on contact area to minimise shoulder wearing.

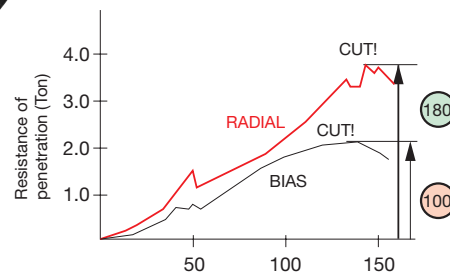

Unique shoulder platform minimises lug movement to minimise heel and toe wearing.

### Durable casing

Not only does the VCHS casing offers optimum durability for high inflation pressure, but due to unique belt package, the tyre has a strong puncture resistance.

Force needed for object to penetrate the tyre.

Tyre Size	Load index/ speed symbol	Type	Star Rating	Recommended Rim/FL height	Approximate Inflated Dimensions								OTD	Minimum dual spacing	
					OD		OW		SLR		SLW			inch	mm
					inch	mm	inch	mm	inch	mm	inch	mm			
14.00R24	196A5	T/T	*3	10.00W	55.6	1412	15.1	383	24.6	626	17.5	445	63.0	18.9	480
18.00R25	214A5	T/L	*3	13.00/2.5	65.0	1650	19.8	504	28.4	721	23.2	590	64.0	23.6	600
18.00R33	219A5	T/L	*3	13.00/2.5	73.1	1856	19.5	495	32.0	814	22.4	570	68.5	23.6	600

Note: T/L: Tubeless type
